

Introduction of new police officer

Opening Bids/RFP for truck

Conservation Commission Memorandum of Agreement: *Does the Board wish to adopt the Memorandum of Agreement with the Conservation Commission?*

Appointment of Forest Committee: I believe the charge to this committee is to review all of the town owned lots that are large enough to be considered for forest management and then to advise the Board of Selectmen on management of those parcels that are not under the management of the Conservation Commission and the Conservation Commission for those that are under the management of the Conservation Commission on the best way to manage them. We have an excellent group of volunteers. ***Does the Board wish to appoint these volunteers and to charge them as outlined above?***

Lease 333 Calef Highway: The owners are willing to extend for another year under the same conditions and rate. They also note that under the lease we are responsible for driveway and parking repair. I will ask the Highway Department to make some repairs. ***Does the Board wish to vote to renew the lease and authorize the Town Administrator to sign the extension?***

NHDOT: NHDOT is selling a very small parcel of land (3,250+/-) that is on, but has no access to Route 125 landlocked near Toll End Road. It wants to know if the town has any interest (\$7,100). An abutter wishes to buy it, but the Town gets right of first refusal. ***Does the Town wish to tell NHDOT it has no interest?***

Technology Committee recommendations:

NONPUBLIC RSA 91-A:3 ii(a& d) personnel, land
